

## CAMPAIGN MANAGER HURLS DIRE WARNINGS AT ENTRANTS

**By CAMPAIGN MANAGER**  
The management of the campaign has checked the standing of all candidates at the close of the first period and found them running so even that it's a cinch the work done by each candidate during the next two weeks will determine the winners of the top grand prizes. "Neck and neck" is the only

term that will describe the race thus far. And if ever a field was running neck and neck, the field of The HERALD Campaign is doing just that. A few five-year subscriptions now, before it is forever too late, can easily bring in the top winner. Your effort as an individual during the remaining two weeks of the campaign without doubt will determine whether you win or lose first prize.

**Success Awaits**  
If you stage a spurt and bring in a big list of subscriptions you have thus far turned in during the campaign—success undoubtedly awaits you.

In view of the fact that we have determined to see that every single candidate shall have a fair chance to win, we are issuing this public warning which we have already given to each candidate as they visited campaign headquarters.

**Whether you win or lose depends entirely and solely upon your individual efforts during the remaining few days.**

If you let your drive for success lag, you can depend on losing. Right at your elbow, in the list of candidates, are several workers ready to go ahead of you at the least sign of weakening on your part.

Don't stop calling on your friends and neighbors now. If you fail to get that one subscription which you would get by sticking a little closer to your campaign, you may lose FIRST PRIZE; yes, you may lose all of the prizes, just as your fingers seem about to grasp one of them.

You and your supporters must decide within the next two weeks whether or not you will be among the top winners. We have repeatedly told each of you how to win this campaign: **CONTACT EVERY HOME IN THIS ENTIRE AREA. DO NOT PASS UP A SINGLE PLACE.**

It is this warning that we would sound and impress upon you. You will, of course, take it for what it is worth. BUT if you fail to heed it, the results rest upon your shoulders and the loss will be your own.

If you want to further your own interests and clinch a heart-warming prize for yourself, you must STRIKE while the iron is hot. STRIKE continuously and manfully and success will be yours.

The second period of the "GOOD - WILL" subscription campaign will close Friday, Oct. 26. Votes will then take another drastic drop.

The days are slipping fast, and the campaign will be over too soon for many of the candidates. There are many people who are waiting for a certain candidate to call. **DO IT TODAY!**

### Hamlin Woman's Brother-in-law Dies Tuesday

Sullivan Ross Walker Sr., 77, a retired Stephens County rancher and Jones County landowner, died at 3:40 a.m. Tuesday in Stephens Memorial Hospital after a lengthy illness. His sister-in-law, Mrs. E. M. Wilson, lives here.

Born Jan. 25, 1885 in Mart he came to Stephens County with his parents in 1889.

As a youth he began ranching around Hamlin. He was married to the former Core Clark of Hamlin in 1912. The couple ranched in Jones County until 1938, when they moved to Stephens County.

He retired in 1957. Arrangements are pending at Melton Funeral Home.

Survivors include his wife; two sons, Ross Jr. of Breckenridge and Capt. John T. Walker, with the U. S. Air Force in Germany; and two grandchildren.

1962 PIED PIPER FOOTBALL SQUAD  
... to open District Play Friday Night

## WHEAT FARMERS MAY SIGN UP FOR PROGRAM BEFORE DEC. 14

College Station — Winter wheat farmers may sign up to participate in the special voluntary 1963 wheat program authorized by the Food and Agriculture Act of 1962 between October 15 and December 14, Secretary of Agriculture Orville L. Freeman announced.

The legislation raises the support price on 1963-crop wheat to \$2.00 to farmers who participate in the special program. The 18-cent-per-bushel support increase will be paid by in-kind based on the normal production of the farm's harvested acreage. The voluntary program, Secretary Freeman said, gives wheat farmers an

opportunity to continue to make adjustments and thus protect the gain made this year under the 1962 program. Under the voluntary reduction provisions for 1963, farmers will be able to divert from 20 to 50 percent of their wheat acreage with special diversion provisions for small farms. On diverted acres, a payment will be made at 50 percent of the county loan rate (reflecting the \$1.82 per bushel national average) on the normal production (1959-60 average yields) of the diverted wheat acreage. The minimum diversion for participation is 20 percent of the wheat allotment or in the case of small farms 20 percent of the allotment or the average 3-year wheat acreage (1959-60-61), whichever is larger.

Of the \$2.00 per bushel 1963 average support price to participating farmers, \$1.82 per bushel will be available through loans or purchase agreements and 18 cents per bushel in the form of a payment in-kind based on the normal production of the harvested acreage.

Farmers may receive 50 percent of their acreage diversion payment at time of sign up to participate in the program. Remainder of the acreage diversion payment and all of the price-support payment will be made after compliance is checked.

In a change from the 1962 program, the signed acreage will be a binding agreement. Farmers will be required to divert the full acreage for which they sign up to be eligible for payments. Diverted acreage must be put in a conserving use and kept from erosion, insects, weeds, and rodents and in addition to the average acreage of conserving and idle land on the farm for 1959 and 1960.

For farmers who do not participate in the voluntary reduction program, the legislation makes no change in the mandatory provision of the 1963 wheat program as voted on by farmers in the August referendum on marketing quotas. Those who remain within their acreage allotments will be eligible for price support at a national average minimum price of \$1.82 per bushel. There is provision for exempting wheat farms with 15 acres or less in 1963 from marketing quotas.

More information on the new program is available from Agricultural Stabilization and Conservation Service committees or county ASCS offices.

W. W. (Bill) Ulmer of the Petroleum Extension Service of The University of Texas will conduct a foundation course for the study of instruments and automation here Oct. 29-Nov. 9 and Nov. 26-Dec. 7.

The course will be taught on Monday through Friday from 7:00 to 10:00 p.m. The course will be taught in two parts. The fee is \$40.00 for both parts.

The classes will be conducted at Hamlin High School and registration will be on the first night.

**Selling Candy**  
The Boy Scouts of Troop 43 are continuing their candy sale to finish paying for the bus which has been purchased for their use. The boys will travel on the bus when they go on scouting expeditions.

The project is being carried out by the boys and J. O. Murphree, Scoutmaster, and assistants, Floyd Smith and L. R. Browning.

**Fire Prevention Poster Winners Are Announced**  
Three toy fire trucks were given to winners in the first three grades for the best Fire Prevention posters. The trucks were given by the Hamlin Volunteer Fire Department to Dana Wright, first grade; Terry Casey, second grade and Jim Clifton, third grade.

Cash prizes will be given to the three winners in the Fourth, Fifth and Sixth grades after the posters are judged.

The fire department sponsored the poster contest in observance of Fire Prevention Week last week.

**Singing Sunday**  
The Jones - Fisher County Singing will be held here Sunday at 2 p.m. in the Foursquare Church. O. L. Cohorn, president of the singing group, invites everyone to attend.

### HHS Band Takes Part in Fair Music Festival

The Hamlin High School Band was one of 17 Texas bands to take part in the TMEA State Fair Music Festival held in the Cotton Bowl on the Fair Grounds in Dallas last Tuesday.

The group left here early Tuesday morning and returned home Wednesday evening. They traveled on two busses and several cars.

The local band was one of 17 bands who were asked to participate in the Festival. They played and marched with the other bands in special formations on the field.

The last number, "The Star Spangled Banner," was directed by the Arthur Fielder of the Boston Pops Symphony Orchestra, after the bands formed MUSIC on the field. This was followed by a fireworks display.

### County Cancer Society President To Attend Meet

Earl McCaleb of Anson, president of the Jones County Unit of the American Cancer Society, will be a delegate to the state meeting to be held in Dallas, November 29-30. He was named as the county representative at a district meeting held in Abilene last Thursday.

Other Jones County members of the society in attendance at the Abilene meeting were Mrs. Joseph High of Stamford, Mrs. Nellie Pearce, Misses Hybernia Grace, Ethel Rowell and Arrie Barrett, all of Anson. Miss Barrett is secretary of the county unit.

Three area persons were named to the state board of directors. They are Dr. Jarret Williams, Abilene, W. T. Bowden, Weatherford and Mrs. R. W. Herron of Haskell.

A special highlight of the program was the presentation of an award to Shackelford County, which has exceeded the Crusade quota for 14 consecutive years.

Representatives of each county reported on their cancer control programs during the past year and the status of the entire district, county-by-county, was given by Dr. K. O. Middleton of Haskell, district director. Goals for the 1963 Crusade were discussed.

Mrs. W. L. Meeks returned last week after a two week visit with her son and his family. Mr. and Mrs. W. L. Meeks and children, a daughter, Lela Grogan, and other relatives.

## Pipers, Bulldogs To Meet Friday

Two unbeaten, untied, state-ranked teams will collide here Friday night in the area's feature attraction as the Hamlin Pied Pipers play host to the Stamford Bulldogs. This contest is the highlight of an impressive opener for the title race in District 6-AA.

Other 6-AA contests put Winters at Haskell and Ballinger at Anson.

Friday night's 7:30 match here is expected to draw a standing room only crowd as the two teams are ranked in the top ten of all of the statewide rankings. This week's Ft. Worth Star-Telegram ratings put Stamford in fifth place and Hamlin in seventh.

While the Stamford eleven

has scored 171 points this season while holding its opponents to seven points, Hamlin has racked up 143 points and permitted its opposition only 36 points. The only common foe of the two teams has been Cisco which fell before Stamford, 40-0, and Hamlin, 40-6.

The Bulldogs had not been

scored upon until this past week when Snyder scored in the last minutes of play.

Top Bulldog in the Stamford attack is Andy Miller, a 150-pound tailback, who is being pushed for All-State honors in many quarters. Outstanding linemen are right guard Ferdie Walker a 166 pounder and right end Larry Jones who weighs 165 pounds.

The probable Bulldog starting line up will be: left end, Ernie Cowger, 151 pounds; left tackle, J. T. Wisener, 166 pounds; left guard, Joe Ray Scurlock, 160 pounds; center, David Gentry, 168 pounds; right guard, Walker; right tackle, George Fisher, 181 pounds; right end, Jones; quarterback, Butch Cook, 156 pounds; tailback, Miller; fullback, Paul Rider, 175 pounds; and wingback, Leslie Lovvorn, 156 pounds. Sharing the quarterbacking duties will be 168 pound Keith McDeever. Alternating at tailback and wingback will be 158 pound Randy Denson.

While over the year Stamford holds an edge in this annual match, the Pipers have been victorious in the last two encounters with the Bulldogs.

Superintendent C. F. Cook announced this week that additional parking area has been provided north of the stadium to help handle the large crowd expected here.

REV. LEWIS C. PRICE  
... at Central Baptist Revival

### Aspermont Pastor To Hold North Central Revival

The Rev. Lewis C. Price, pastor of the First Baptist Church of Aspermont, will conduct a revival at the North Central Avenue Baptist Church Sunday, Oct. 21 through the following Sunday, Oct. 28.

Morning services will be held at 10:00 a.m. Evening services are set at 7:00 p.m. for prayer meeting and 7:30 p.m. for the preaching service.

The Rev. T. M. Harrell, pastor, and the congregation extends to every one a warm welcome to come and worship. The music will be directed by Kenneth Leverett.

### Faith Methodist Revival Opens Sunday Evening

The fall revival at Faith Methodist Church will open here Sunday at the evening worship service, according to the Rev. Fred Brown, pastor. Services will be held Oct. 21-28.

The Rev. Raymond Riley, pastor of the Epworth Methodist Church in Abilene, will be the evangelist. Services are scheduled for 10:00 a.m. and 7:30 p.m. weekdays and at 7:30 p.m. Saturday. Sunday services will be at 11:00 a.m. and 7:00 p.m.

Rev. Riley has served churches in Spar and Eula.

Freida Ford, choir director, will be in charge of special music. Mrs. Jack Hames will direct the booster band at 6:30 p.m. for kindergarten and primary children.

A covered dish dinner will be held at noon Oct. 28.

### One Death Reported In County from Traffic Accident

Sergeant C. A. Cockrell, Jr., of the Abilene Highway Patrol Sub-District released today the Jones County Rural Traffic Accident Summary for September. Sergeant Cockrell reported that 11 rural traffic accidents occurred last month in which 1 person was killed, 8 injured with property damage amounting to \$3210.00. During the same month last year there were 10 accidents with 0 killed 4 injured and property damage amounting to \$5350.00.

Sergeant Cockrell reminded that more strict compliance with our traffic laws would further reduce this tremendous loss that kills and cripples so many of our citizens each month.

James Allen Criswell was born Oct. 13 to Mr. and Mrs. Elmer A. Criswell Jr. of Aspermont. He weighed 9 lbs. Other children are Sandra Lea and John Elmer. Grandparents are Mr. and Mrs. James Shepherd of Tilton, Ill., and Mr. and Mrs. E. A. Criswell Sr. of Aspermont.

### Rotarians Hear Dist. Governor E. A. Gresham

In Hamlin to meet with officers of the local Rotary club, E. A. Gresham, Rotary governor of this area, Wednesday addressed the club at the regular meeting in the Oil Mill Guest House. Gresham, an accountant of Graham, spoke of the inter-nationality of the Rotary organization and the significant contributions Rotarians everywhere are making to the advancement of world understanding and good will.

"Rotarians in more than 11,200 communities on six continents," he said, "are helping to draw nations together through their efforts to build understanding among men of different creeds and colors. They are also at work in the area of public opinion, helping to shape it on important world issues by providing information on which sound decisions can be made."

Gresham also emphasized the importance of the individual Rotarian to the global program of Rotary. "This year," he reminded Hamlin Rotarians, "we are urged by our international president, Nitish C. Lahary, of Calcutta, India, to develop to the fullest our own personal capacities for world fellowship and for personal service. President Lahary believes that by 'kindling the spark within' we take the first step toward releasing the latent power in each of us to be of service to others."

Speaking of the work of Rotary clubs in international affairs, Gresham commended the local club for its support of The Rotary Foundation which awards fellowships to graduate students for study in countries other than their own. Since 1947, Rotary International has awarded nearly 1,600 Rotary Foundation Fellowships at a cost of more than \$4,000,000, with the grants averaging \$2,700. The contributions of Rotary clubs make the awards possible.

### News and Views . . .

### and what have you

by BOB CRAIG

The big race starts Friday night for the Pipers as they open district warfare here against the Stamford Bulldogs and it looks like it won't be over until the final district clash five weeks from now.

There may be some stronger teams in the state than those located within this district but there can't be a stronger district as a whole anywhere. There seems to be enough strength within district 6-AA to insure a close race down to the finish.

It isn't often that you have the opportunity to see two teams play with as impressive records as the Pipers and the Bulldogs will throw on the line Friday night.

About all past performances will tell you in this impending clash is that two good teams will meet. It is seldom that past records will separate two nearly equal teams.

So let's all go out and help cheer the Pipers on since this could be just the edge the boys need for a victory.

The Hamlin Jaycees would like to again thank the people of Hamlin for their fine support of their annual carnival. It was a tremendous success again this year.

The Jaycees would particularly like to thank Brannon Lumber Company for moving their lumber off of the lot where the carnival was held and Willard Jones for the use of the lot again this year.

The following is the fourth in a series of articles analyzing the 14 Constitutional Amendments to be voted on November 6 by the citizens of Texas. These analyses were prepared by the Texas Industrial Council.

**Proposition 7**  
CONTINUITY OF STATE AND LOCAL GOVERNMENTAL OPERATIONS IN EVENT OF ENEMY ATTACK

Proposition 7 (Senate Joint Resolution No. 13) would add a new Section 62 to Article III of the Constitution of Texas, allowing the Legislature to provide for temporary succession to the powers and duties of public offices in periods of emergency resulting from disaster caused by enemy attack. It would become the duty of the Legislature under these emergency conditions to act promptly to insure continuity of state and local government operations if incumbents of offices, whether filled by election or appointment, became unavailable for carrying on their powers and duties.

It is specifically provided in this proposed amendment that the "Bill of Rights" in Article I of our Constitution shall not be in any manner affected, amended, impaired, suspended, or repealed.

**Proposition 9**  
CREATION OF TWO HOSPITAL DISTRICTS IN

(Continued on page two)

Carter, Mrs. Curtis	780,000
Wallace, Mrs. Floyd	256,000

WATCH for change in Pro-Rating Next Week.

COLUMN-

(Continued from page one)

BRAZORIA COUNTY — HOMES FOR THE AGED IN TITUS COUNTY

Proposition 9 (House Joint Resolution No. 70) would allow the Legislature to authorize creation of two hospital districts in Brazoria County, and would itself authorize Titus County to levy a special tax for constructing and operating homes for the aged.

One of the hospital districts in Brazoria County would include all or parts of West Columbia, Brazoria and Damon Independent School Districts; the other would be coterminous with the Sweeny Independent School District.

At any time subsequent to organization of these two hospital districts the qualified electorate might by a majority vote in each district consolidate them into one hospital district. The maximum tax rate allowed under the amendment would be 25c on the \$100 valuation of taxable property within the district and the tax could not be levied until approved by a majority vote of the participating resident, qualified, property-taxpaying voters.

A law, House Bill 995, was adopted at the last regular session of the Legislature authorizing creation of these hospital districts in Brazoria County. It will be effective "from and after the approval of a Constitutional Amendment proposal to be voted upon by the electorate of the State in November of 1962."

Titus County would be authorized to levy an ad valorem tax not to exceed 25c on the \$100 valuation to pay for, interest and principal on any bonds issued by the county for constructing and equipping a home or homes for the aged, and to pay operation and maintenance expenses. Both the bonds and the tax would have to be approved by a majority of the qualified electors owning taxable property in the county, and who have duly rendered the same for taxation, voting at an election held for that purpose. The portion of the amendment applying to Titus County is self-enacting.

The provisions of this amendment, if added to our Constitution, would be designated as Section 10 (a) of Article IX.

Proposition 10

STATE EMPLOYEES — SERVICE ON ADVISORY COMMITTEES

The Constitution of the State of Texas prohibits payment of a salary or compensation to any person as agent, officer or appointee, who holds more than one office or position of honor, trust, or profit under this State or the United States. This does not prohibit a person from holding office under the State or one of its political subdivisions and at the same time serving in some capacity with a private enterprise.

Our Constitution exempts officers and enlisted men of the National Guard, the National Guard Reserve, the Officers Reserve Corps of the United States and the Organized Reserve of the United States and the retired officers, retired warrant officers and the enlisted men of the United States Army, Navy and Marine Corps from this prohibition. This proposed amendment would add to the exempt list the retired officers, retired warrant officers and retired enlisted men of the Air Force and Coast Guard.

The major purpose of Proposition 10 (Senate Joint Resolution No. 12), however, is to allow a State employee to serve in an advisory capacity or be appointed as a consultant or on an advisory committee, with other agencies of this state or any of its political subdivisions or of the federal government. He could serve as a member of a Public School Board provided he was not a member of the teaching profession. He could not serve as such an advisor or consultant unless he had the approval of the administrative head of the State department or agency or the governing body of the institution in which he was employed. There could not be any conflict of interest. He could be reimbursed for expenses only.

There have been instances where our Constitutional restrictions have prevented a State official or employee from rendering distinguished service to his state and nation. Political subdivisions of the State could often benefit from the experience of State employees serving in a consulting capacity. Serving as a member of a school board carries real authority, as different from the advisory service that would be allowed by this amendment in all other cases. This could be helpful in some instances; in

others it might involve the board in unrelated political activities. Service on federal advisory boards or committees could result in a better understanding of the State's position and its needs at the national level, might result in more recognition of state attainments. There have been complaints that serving on federal boards might lead to or imply more acceptance of federal authority. But proponents of this amendment say that generally the people who have prevented by our constitutional restrictions from performing such services are highly capable persons who would have reflected great credit on their state and whose services would have strengthened state and local government.

This proposal is an amendment of Section 33 of Article XVI of the Constitution of the State of Texas.

Proposition 11 LANDS OF VETERANS LAND FUND—RESALE OF UNSOLD LANDS

Proposition 11 (Senate Joint Resolution No. 25) would allow land in the Veterans Land Fund to be sold to non-veteran purchasers after the land had first been offered to veterans and not sold. The Legislature would prescribe the quantity, the terms, price and rates of interest for sales to non-veteran buyers.

The veterans land program was adopted in 1946 with later amendments increasing the amount of bonds which could be issued. Under this program the State assists Texas veterans by purchasing land which it resells to them on easy terms. The State has accumulated some land that for one reason or another has not been sold. Purchases under this program have been made with veterans' needs in mind and not for State use. The program of land purchase will end on December 1, 1965. This proposal would allow the State to begin disposing of the property not wanted by veterans in an orderly manner.

The provisions of this proposed amendment are incorporated in an additional paragraph to be added to Section 49-b of Article III of our Constitution. It would be self-enacting.

PROPOSITION 12

ZONING POWERS—DELEGATION TO CERTAIN COUNTIES

Proposition 12 (Senate Joint Resolution No. 19) would add a new Section 1-A to Article

IX of our Constitution, allowing the Legislature to authorize the governing body of any coastal county to regulate and restrict the speed, parking and travel of motor vehicles on beaches available to the public by virtue of public right, and to regulate and restrict the littering of these beaches. The amendment would not affect either state or county rights of eminent domain to assure public access to beaches. Nothing in the amendment would increase the rights of any riparian or littoral land owner with regard to beaches available to the public by virtue of public right, or to submerged lands. The counties affected would be those bordering on the Gulf of Mexico or its tidewater limits.

Regulation of motor vehicle traffic and of littering of public beaches is important for health, safety and public convenience. The Legislature concluded that it cannot delegate its authority over public beaches to the counties without this constitutional authorization. The amount of authority delegated would be within legislative discretion and of course could be withdrawn if local action infringed on the rights of other Texans or out-of-state visitors.

It is argued that enforcement by county authorities would be simpler and better than State policing of beaches on our long coastline. Restrictions adopted by the governing body of a county would presumably be more fitted to local conditions and receive more local acceptance.

However, access to beaches available by virtue of public right is important to the whole state and it is possible that regulations would vary so much from county to county as to produce confusing contradictions.

PROPOSITION 13

INDEPENDENT SCHOOL DISTRICT TAXES

The purpose of Proposition 13 (Senate Joint Resolution No. 6) is to correct a serious impediment to the efficient and economical administration of their public schools by the numerous school systems that make up the area contained within Dallas County. Adjustment of district boundaries, however desirable, wipes out tax rates and vitates any unissued bonds. Both districts involved must hold elections to re-set their tax rate and re-vote approval of any outstanding unissued bonds. They may appear a small matter, but the time element between annexa-

tion and the election to vote a new tax rate leaves a district legally hamstrung. The same thing happens to its whole bond program and the financing of its buildings.

Senate Joint Resolution No. 6 would add a new Section 3-b to Article VII of the Constitution to provide that no taxes for the maintenance of public free schools voted in any independent school district, the major portion of which is located in Dallas County, nor any bonds that have been voted but are unissued, shall be abrogated, cancelled, or invalidated by a change of any kind in the boundaries of the district. In case of annexation or consolidation with one or more whole districts, the maximum tax rate would be that already voted in the district having the greatest scholastic population. Only the bonds of that district having the greatest scholastic population could be subsequently sold and delivered.

This amendment would remove a serious constitutional deficiency in present law and allow independent school districts in Dallas to work out by agreement boundaries which would afford a more efficient and economical use of tax revenue and, what is more important, better serve the school children in Dallas County.

Stamford PCA Officials Plan To Attend Meet

The board of directors and general manager of the Stamford Production Credit Association will attend an area group conference of PCA managers and directors in Abilene Monday and Tuesday, October 22-23.

Representatives of six associations from a 46-county area of West and Northwest Texas will attend the two-day conference at the Wooten Hotel. The meeting is sponsored by the Federal Intermediate Credit Bank of Houston discount and supervisory agency for all 36 PCAs in Texas.

Expected to attend from the Stamford association are President C. G. Burson of Haskell, Vice President J. F. McCulloch of Stamford, Lasater Hensley of Guthrie, Mark T. Claiburn of Anson, J. C. Moorhouse of Benjamin and General Manager J. L. Hill Jr., of Stamford.

Approximately 50 PCA and Credit Bank officials are expected to attend. Topics to be discussed include management

development, financial planning, goals for earnings, functions of loan committees, statistical data and several open discussions.

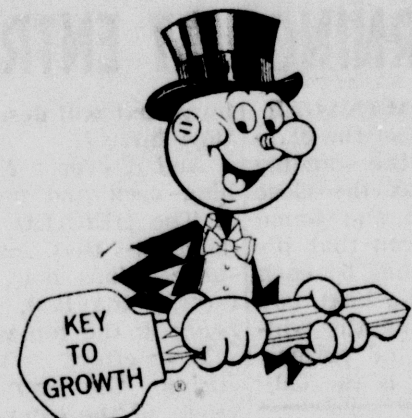

Representing the Credit Bank will be President W. N.

Stokes Jr., Vice President: W. H. Calkins, Secretary Ellis Lanier and Assistant Vice President Alton Cook.

Luis Antonio Paiz was born Oct. 11 weighing 7 lbs. 7 oz.

His parents are Mr. and Mrs. Mareline Paiz, and they have a daughter, Margarita Maria. The grandparents are Mr. and Mrs. Rodriguez of Orange Grove and Mareline Paiz of Roby.

We're telling America about the 1 business and industrial advantages

... IN THE CENTER OF THE SOUTHWEST

American business and industry are on the move... looking toward growing areas, new markets, and expanding profit opportunities.

Our service area—the fast-growing CENTER OF THE SOUTHWEST—is one such region, because the Southwest is growing 25% faster than the Nation.

That is why we are engaged in a continuing program designed to tell American business leaders about the advantages of this portion of West Texas.

We advertise the area in national publications, mail information material to selected lists, and make personal visits to many prospects.

As this is written, a WTU Representative is in the northern and eastern industrial areas of the country, calling on key executives whose companies are looking our way. They, like WTU, are convinced that this area faces GROWTH UNLIMITED.

WORD POWER!

One of our popular publications, encourages the learning of new words, and in each edition prints a few words that we can add to our vocabulary.

Words have swayed thousands, even changed the course of history. It is through the use of words that men are saved.

"For after that in the wisdom of God the world by wisdom knew not God, it pleased God by the foolishness of preaching to save them that believe."... "Because the foolishness of God is wiser than men."

ATTEND CHURCH...HEAR GOD'S WORD PREACHED

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

OLD GLORY...

Telephone 3958 SHARON LEVERETT

COMMUNITY

Mrs. Jane Pritchard, Elementary Teacher at Old Glory School was initiated into the Delta Kappa Gamma Society last Saturday at Colorado City at the Regional meet hosted by the Beta Epsilon Chapter. Mrs. Pritchard will be an active member of the Beta Chi Chapter which includes Stonewall Haskell, Knox and Throckmorton counties.

Also attending the meeting from Beta Chi chapter was Mrs. Vera Beil and Mrs. Mary Jo Leverett from Old Glory and Mrs. Artie Mae Burkett from Haskell. Mrs. Maxine Klump of Old Glory is currently serving the chapter as president.

Mr. and Mrs. H. L. Boles of Old Glory have announced the marriage of their daughter, Mary Lynn, to Sam Houston of Rule. He is the son of Mr. Leck Houston of Dallas. The couple were married in the home of Mr. and Mrs. W. R. Priddy of Haskell with the minister performing the ceremony. The bride wore a blue wool suit with black accessories. Her corsage was of white carnations.

The bride was a 1962 graduate of Old Glory High School and was an outstanding tennis player having been one of the members of the girl's doubles team that won second in State Interscholastic League competition last spring. The groom is a graduate of Cisco High School with the class of 1960. He is employed with the Halliburton Oil Company. The couple will reside in Rule.

The Old Glory Variety Club met Tuesday with Mrs. Odine Spitzer as hostess. The members spent the afternoon quilting a club quilt. Ten members were present and one visitor, Mrs. Jerry Johnston. A delicious refreshment plate was served to those present. Date for the club Thanksgiving supper was set as Saturday night, November 10. The next meeting will be October 23 with Mrs. W. G. Wienke as hostess.

Cartoon by John Chase, 1961-62 President of the Association of American Editorial Cartoonists, and cartoonist for the New Orleans States-Item.

Mr. and Mrs. G. F. Spitzer and Weldon visited the past weekend in Midland with the daughter and her family, Mr. and Mrs. Deanie Letz.

PERSONALS

Guests in the home of Mr. and Mrs. T. E. Pritchard last week were Mr. and Mrs. Floyd High of Abilene. They are parents of Mrs. Pritchard.

Mr. Hugo Klump of Bartlett has been visiting with his sisters, Mrs. Tillie Dippel and Mrs. W. G. Wienke and his brother, Mr. Ben Klump and their families.

Visitors in the W. G. Wienke and the G. F. Spitzer homes last week were Mr. and Mrs. L. L. Wienke and Mr. and Mrs. L. R. Wienke of Lubbock.

Mr. L. R. Wienke of Lubbock visited with Mrs. Katie Gerloff and Mr. Beno Hertzberger.

Guests in the home of Mrs. Tillie Dippel and Mrs. Bernice White for Sunday dinner were Mr. and Mrs. Ed Micher and Mr. and Mrs. Herman Letz.

Mrs. Louise Meisner of Bartlett and Mrs. Adell Meir of Sealy are visiting Mr. and Mrs. W. G. Wienke.

Mrs. Tillie Dippel hosted a quilting party last week; Mrs. Katie Gerloff, Adell Dudensing, Adeline Letz, W. G. Wienke and L. R. Wienke attending.

Mr. and Mrs. W. G. Wienke hosted a "Forty-two" party last week with Mr. and Mrs. H. G. Klump, Mr. and Mrs. Ed Micher, Mrs. Adell Dudensing

The national average for disability insurance benefits under social security for Dec. of 1961 was \$89.59.

EXCITING! GO '63 CHEVY II

Nova 4-Door Station Wagon

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher

beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.

the make more people depend on

## North Central Training Union Group Meets

A business meeting of the Joyful Reapers Training Union group of the North Central Baptist Church was held October 11 at the home of Mr. and Mrs. Roy Embrey. The meeting was opened with prayer by George Campbell. E. B. Hopper gave the devotional.

The business meeting was conducted by J. W. Patterson. At this time new officers were elected. The new officers include president, A. M. Burleson; vice-president, E. B. Hopper; group captain, number one, Jackie Embrey; group captain, number two, La Rue Burleson; secretary, George Campbell; Bible quiz, Mrs. T. J. May; social chairman, Mrs. D. A. Mullings, assistant, Mrs. E. B. Hopper; reporter, Jessie Patterson.

Those present for the meeting were Mr. and Mrs. Roy Embrey, Mr. and Mrs. E. B. Hopper, Mr. and Mrs. Pete

Patterson, Mrs. J. W. Stewart, Mrs. T. J. May, Mrs. D. A. Mullings, Mr. and Mrs. George Campbell.

Next meeting will be at the home of Mr. and Mrs. George Campbell on November 1.

## Judith Brandon And Sam Thomas Plan Wedding

Mr. and Mrs. O. E. Brandon have announced the engagement and forthcoming marriage of their daughter, Judith Ann, to Sam Thomas of Abilene, son of Mr. and Mrs. A. B. Thomas of Pasadena, Texas.

The marriage will be held in Abilene at the College Church of Christ Chapel at 6 p.m. on Thursday, Nov. 22.

A graduate of Hamlin High School and Abilene Christian College, Miss Brandon is now employed by McWood Corporation in Abilene. Her fiancé is also a graduate of A.C.C. and is a teacher in the Abilene Public Schools.

## Literary Club To Host Study Club Friday

Members of the Fifty - two Study Club will be guests of the Women's Literary Club at the Friday meeting to be held in the home of Mrs. J. W. McCrary at 3 p.m.

Texas Heritage will be the theme for the program which will be directed by Mrs. McCrary. An exhibit of the late "Tex" Moore's paintings will be displayed. The clubs are working on a project with other clubs to get Mr. Moore's name placed in nomination for recognition in the National Cowboy Hall of Fame and Western Heritage Center in Oklahoma.

A film on the Hall of Fame and Heritage Center will be shown. Mrs. R. D. Moore will be in charge of a display of Cattle Brands and Branding Irons.

Mrs. W. L. Hunter Jr. will give the Federation news. The club members are also being urged to observe National Bible Week by reading their Bible and through prayer.

## Mrs. Joe League Hosts Garden Club Friday

Mrs. Joe League was hostess for the Friday afternoon meeting of the Hamlin Garden Club. She demonstrated the potting and planting of bulbs. An open discussion followed.

Members responded to roll call by naming their favorite bulb.

The horticulture committee, composed of Mrs. J. P. Morgan and Mrs. G. C. Green, conducted a bulb exchange.

## Wicker Children Honored Oct. 7

The five children of the late John and Martha Wicker were honored at a reunion Oct. 7 in the V.F.W. Hall in Rotan. The children are Mrs. Joe Jones, Mrs. Ruby Talmage, both of Hamlin, Mrs. Nola Waldrop of Slaton, W. F. (Bill) of Rotan and E. P. of Oregon.

The guests were seated at a table covered with a white linen cloth and centered with an arrangement of white chrysanthemums.

The other tables were decorated with pink roses.

Rev. Bynum Miers of Abilene gave the invocation and conducted the business session.

There were 75 present. The next annual reunion will be held here next year at the Mid West Cooperative Oil Mill Guest House.

## Agent Presents HD Club Program

The Friendship Home Demonstration Club met Friday at the Oil Mill Guest House with five members and one guest present. Mrs. Mary Newberry, Jones County Home Demonstration Agent, gave the program on Points to Consider when Buying Furniture.

Gifts to the State Hospital are to be mailed November 15.

## FAIRVIEW NEWS

By MRS. ELMER JOINER

The last week has been very uneventful out our way, no rain, hail, cold weather, and the bugs have about done all the damage they could, so all we can do now is just wait for the cotton to open and get it gathered some way or another. Most of the farmers are planning on machine harvesting what is left, since the leaf worms have about stripped it and it will all open soon, then frost is only a matter of weeks away. This has been a long, hot summer and fall and all agree that cool weather will be welcomed this year.

Little Mark Westmoreland was a visitor in Sunday School

## Dorcas Class Elects Officers

The Dorcas Sunday School Class of the First Baptist Church elected officers this week for the new year.

Mrs. H. E. Brown will serve as president; Mrs. A. F. Dixon as vice president; Mrs. S. C. Ferguson Sr., secretary; Mrs. W. E. Rodgers, assistant secretary; Mrs. W. H. Davis, the treasurer; Mrs. Pearl Matthews and Mrs. Albert Moore, group captains and Mrs. W. L. Boyd, reporter.

Mrs. S. C. Ballew is teacher. The new officers will be installed at the November dinner meeting.

## 40 Years Ago—

Observers will notice a bunch of men pecking away on the concrete paving. Don't be uneasy, they are not "boring for oil" they are digging out a narrow trench in which to lay an electric wire to conduct the "juice" to the big ornamental lights that will soon be erected. These lights will add greatly to the beauty of Hamlin both in day time as well as night.

The distinction of being the first woman to be elected a member of the Board of Directors of Sweetwater Banking Institution, has fallen upon Mrs. W. S. Douglas of Hamlin.

Mrs. J. L. Wright entertained the 1917 42 Club Tuesday afternoon in her usual gracious manner. The hovering clouds outside made the inside cheer and gaiety more attractive. The games of 42 were absorbing as usual, and after several closely contested games it was found that Mrs. G. N. Davenport had made high score.

Miss Johnnie Hawkins entertained with a mask party at her home one mile east of town, Tuesday evening. Music, games and conversation, the fun of guessing "who is who" and a visit from three real unknown ghosts, who made their bows and departed, gave a real Hallowe'en spirit to the evening.

Not in the history of the Hamlin Opera House, did it have such an overflow house as on Wednesday night of this week, when the American Legion Boys put on the famous official War Picture, "Flashes of Action." The house was jammed full, and the lobby, entrance, and streets had as many more waiting to get in.

## 25 Years Ago—

Goings-on in the Hamlin community 25 years ago are reflected in the following news briefs, reproduced from the issue of The Hamlin Herald dated October 22, 1937.

Hamlin Pied Pipers won their first football game of the season Friday night by trimming the squad from Rochester to the tune of 26 to 0.

Irene Thompson was hostess to a group of friends at a Halloween party in her home Wednesday evening. Attendants included Bonita Duckworth, Louie Williams, Hermona Shadle, Ann Hudson, Pat Albritton, Joy Graham, Doris P. pe, Geneva Albritton, Pauline Carmichael, Katherin Adkins and Ruby Thompson.

As Warehouse Distributors for Southland and Willard Batteries, we can give you top quality batteries for less.

GET READY NOW FOR WINTER CAREFREE DRIVING

WADE FARM EQUIPMENT

Sunday morning, coming with his friend, Melinda Wright. Other visitors, who are not visitors really any more, for Sunday school and church, were Mr. and Mrs. Bob Rosario, Ginger and Sherri.

Mr. and Mrs. Robert Rhoton were Sunday night visitors at church.

Mr. and Mrs. E. A. Henry took off again this week end for Lubbock, and on to Amarillo, to visit. It seems that either a sister, or sister-in-law, that has been living in Amarillo is moving to Albuquerque, New Mexico, and they wished to see her before she went so far away.

Mr. and Mrs. Mel Jones went to Abilene Saturday afternoon to spend the night with their son, Rex Jones and family. Enroute home Sunday, they visited with Mrs. Thompson Young, of the Boyd Chapel community, who is in the Anson General Hospital, nursing a broken foot.

Linda Goodwin spent Saturday night and Sunday with Suzanne Wicker, attending services at the First Methodist Church Sunday morning with her.

Mr. and Mrs. Joe Ford, Mrs. Flavil Holmes, Winson Gray, and the pastor, Rev. Derrel Lewis, attended the Association Meeting, Monday afternoon and night, at the Hamlin First Baptist Church.

Mr. and Mrs. Jimmy Joiner and Jeannie and Ronald, spent Sunday with Mr. and Mrs. Elmer Joiner. Sunday afternoon visitors were Mr. and Mrs. Runt McCoy.

Rev. and Mrs. Lewis and children were dinner guests of Mr. and Mrs. Joe Ford Sunday.

Rev. Doyle Combs, Swenson, and an employee of the Herald, ate lunch with the Winson Grays last Wednesday.

Miss Lula Hassey ate supper with the Derrel Lewis family last Tuesday night. We failed to get her home address.

Woodrow Goodwin reports that his brother, Bryan of Hanna, is still on the sick list, his condition remains the same and he doesn't seem to be improving any.

Mr. and Mrs. Winson Gray visited with Mr. and Mrs. Olen Cooper Sunday afternoon.

Mrs. Elmer Joiner and Mrs. Woodrow Goodwin staged a rummage sale Saturday, in Hamlin, on the peddlers lot. They acquired a good blistered face, besides making some

spending money. They really enjoyed meeting the Latin-American people who are in our town to pull cotton, and even though we don't speak the same language, we have a lot in common, trying to make a living and making our dollars stretch.

Mrs. D. M. Harris, who now lives in Commerce with her daughter, Mrs. Fay Lyon, is reported to be very ill. Mrs. Harris is a former resident of our community. She and her late husband, Mr. Dave, were pioneer leaders in our church, having both served in about every office, including Sunday School superintendent, teachers, clerk, treasurer, in fact any where they were asked to serve they did a good job. Mrs. Harris, among her other ac-

THE HAMLIN HERALD

# PLASTIC FILM BECOMING MOST FRIGHTENING, UNSUSPECTING CHILD KILLER - TOPS ICE BOXES

Austin—Plastic film again is headed for the number one position as the most frightening and unsuspecting child killer since abandoned refrigerators, the Texas Safety Association warned today.

The Association issued the warning after receiving two additional reports recently of accidental deaths from suffocation due to plastic film.

"Two Texas babies, living about 200 miles apart, recently died within hours of each other in almost identical accidents. Both suffocated when they got plastic covers over their faces while in bed," J. O. Musick, General Manager of TSA, reported.

The two deaths occurring on the last weekend of September, added to five accidental plastic film deaths reported to the Texas Department of Health's Division of Vital Statistics during the first eight months of the year bringing the total for 1962 to seven.

"If this trend continues," the safety director noted, "the accidental suffocation fatalities in 1962 will surpass the record number of 10 reported in the state in 1959."

He explained suffocation fatalities related to plastic film began occurring about four years ago when the film was rapidly gaining popularity for many uses.

The first fatality reported in the nation in 1958 was considered a "freak" accident, but by

the end of the first three months of 1959, 20 such accidental deaths had been reported in the nation.

Safety councils and manufacturers of plastic film bags, joined by other organizations immediately began a safety campaign to reduce the danger of death from plastic film.

The campaign, spearheaded by TSA in Texas, resulted in a 30 per cent reduction in fatalities the first year. However, there were still seven fatalities in 1960 and eight in 1961.

"These deaths are tragic as they can be prevented easily. Also, it is sad to note that babies under six months old are the victims of plastic film," he said.

Of the 30 Texas fatalities reported from January 1, 1959 through August of this year, 27 were in this age group. The other three deaths were: a seven-month-old baby, a two-year-old child and a 13-year old boy.

Musick said carelessness on the part of adults is the contributing factor involved in the fatalities.

"However, recent studies reveal there are many parents who just are not aware of the dangers of the plastic film," he added.

More articles are being brought into the home every day which are enclosed in some kind of plastic bag or covering. These coverings often are saved for other uses.

"Mothers find plastic film a handy and useful material for mattress covers, pillow covers or pads to slip under babies," Musick noted.

The thin flimsy-type of plastic, not made specifically for these purposes, is the kind which causes tragedy. The film clings like tape and when covering anyone's nose and mouth immediately cuts off air.

"A baby or small child can't tear the material, nor can he pull it from his face," Musick said.

The plastic bag in particular is almost impossible for a child

to remove. Even adults have been trapped in plastic bags and suffocated.

Ironically as it may seem—a medical doctor, attempting to determine how the plastic suffocates, became entangled in a plastic bag and suffocated.

The 13-year old boy in Texas also was trying out a bag to test results.

One aspect which makes the killer doubly hazardous is its deceiving appearance. Unlike fires, poisons and many other killers, the plastic film gives no forewarning of its dangerous nature.

Fatality reports show that unsuspecting parents have even given children plastic to play with. One father gave a six-month-old child a plastic bag to keep him amused while he helped the mother bring in the

wash. Minutes later, the baby was dead.

A two-year-old waked early from her nap and proceeded to investigate a collection of plastic bags in the back of a closet. She was found too late—suffocated from the plastic covering her face.

Most of the infant deaths in Texas occurred in the crib when babies either turned their faces into plastic protectors and inhaled, sealing the film on their faces or otherwise became entangled in loose plastic.

Musick emphasized that the Association does not condemn plastic film. The plastic itself is not dangerous. Like refrigerators and automobiles, it is one of the conveniences of the twentieth century living.

"Only when it is misused does the plastic become a lethal weapon," he concluded.

In May, 1961, 41 thousand persons received medical aid under the public assistance programs in the states; by May 1962, that figure was 102,780.

# NEINDA PHILOSOPHER DOUBTS ELECTRONIC COMPUTING MACHINES WILL EVER SUCCEED ON HIS FARM

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route one discovers once more he hasn't found an easy way to farm, his letter this week reveals.

I was out here on my Johnson grass farm yesterday sitting down resting my mind from all the current crises of the world when a pleasant October breeze blew a newspaper into my yard and I picked it up and skipped the front page headlines and was going through the inside pages when an article caught my eye.

"Computers Will Work On Farms," it said, and I read it immediately. "Farms of the future will be handled largely by computers," it continued.

This is just what I'm looking for, I told myself, but then I got to the next paragraph. "Computers will be used by farmers to tell them when to plant crops, what to feed the animals, and how much water is needed by the crops."

That's when I cooled off. I don't need a machine to tell me when to plant, what I want is a machine that I can tell it when to plant.

The last thing I need is an electronic machine on this Johnson grass farm running me ragged with orders. I'm not carrying out the orders I'm already getting.

The article went on to say

that "information obtained from transmitters placed on cows would be transmitted to a computer and a report would be made outlining the animal's needs." This is ridiculous. I already know what my animals need. They need more feed, and I also know the way they'll get more feed is by me working harder, and I wouldn't be interested in having a machine on this place to tell me that. Aren't going to catch me working harder to pay for a machine to tell me to work harder to feed my livestock.

I've never fully understood the point in these big electronic computing machines anyway. I know they can figure up in a few seconds the answer to a problem it'd take a man years to figure, but the way I get around needing such a machine on this farm is, I just don't think up any problems that big. Why don't they turn these machines loose on the problem of Cuba?

Yours faithfully,  
J. A.

STATE CAPITAL  
Highlights  
AND  
Sidelights  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

AUSTIN—Texas doctors are about to open a campaign for legislative approval of a constitutional amendment bringing Texas under the Kerr-Mills program.

Through it the Federal and State governments would jointly pay hospital and medical bills of all retired persons receiving less than \$1,800 a year and unable to qualify for old age assistance. Uncle Sam would pay 75 per cent; the State 25 per cent.

Doctors believe there are 350,000 Texans over 65 who would be eligible.

Idea developed at a meeting between State Welfare Director John Winters, Texas Medical Association committees, insurance agents and insurance company representatives.

Plan would be to handle the proposition through an insurance company, as the medicare program for old age assistance now is done.

This would amount to an insurance premium of \$3,000,000

**TELEPHONE  
TALK**  
by Roy Eury, Manager

**SURE WAY TO SCORE**

If I were a sports writer, I think I'd devote this month's column to football. There have really been some exciting games this season — high school, college and professional.

October is a good month for taking in one of the out-of-town games. And if you're planning a big football week end, why not let your telephone help you "call plays?"

You'll never fumble if you call ahead for reservations, and if you plan to drop in on friends, a call to let them know you're coming is a sure way to score. You'll score again after you get home if you'll call and thank your friends for their hospitality.

**ONE CAN DO IT**

Looking ahead to next month, I'm reminded that the November elections will soon be upon us.

Just how important will your vote be? Well, let's look back in history.

In 1868, Andrew Johnson was acquitted of impeachment charges by one vote in the senate.

In 1876, Samuel Tilden defeated Rutherford Hays in the popular vote, but Hayes won a majority in the electoral college — by one vote.

In 1941, the Selective Service Extension Act was passed by the House on a 203 to 202 vote. This law provided that draftees be kept in service as long as the government thought necessary. Less than four months after it passed, the U. S. declared war on Japan.

Conclusion: Your vote is mighty important—don't neglect it.

**REFRIGERATED BATS**

What's the connection between refrigerated bats and telephone service here in Hamlin?

Don't jump to the conclusion that I've gone "batty"—there is a connection.

Bell Telephone Laboratory scientists are using bats to learn more about the workings of the human ear. Painless experiments are performed on bats during normal hibernation. Between experiments, the bats are kept in refrigerators in a state of suspension necessary to these experiments.

**ONE LAST THOUGHT**

They tell me that what makes them "the good old days" is usually a rich imagination and a poor memory. So long til next month.

Call by number. It's twice as fast.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

mitted to other State agencies.

Pollution board has asked the Attorney General for an opinion to settle jurisdiction on this question between the Board, the Railroad Commission and the Water Commission. But no reply has been received.

**SCHOOL LAND LEASES**—Latest leasing of State school lands boosted the permanent school fund beyond the half-billion mark, Land Commissioner Jerry Sadler reported.

In exact figures, it is now \$500,639,012.

During the past 21 months, \$38,500,000 has been placed in the public school available fund. State university and college lands in the same period produced \$32,684,992. Permanent fund total stands at \$333,995,002.

**HIGHWAY SAFETY**—Official commendation and appreciation of the State were expressed by Gov. Price Daniel to Col. Homer Garrison Jr., director of the State Department of Public Safety and chief of the Texas Rangers.

Tribute was paid G. Garrison for winning the Paul G. Hoffman Award for distinguished professional service in highway safety.

Governor Daniel said the award, presented only five times before to nationally-recognized experts in traffic safety, was a "crowning achievement in a lifetime career of outstanding police administration and public service" by Colonel Garrison.

The governor said he felt Texas could trace much of its progress in traffic safety to the sound foundations laid by the public safety director.

**BUILDING DEDICATION**—A ceremony dedicating the new State Board of Insurance building on the southeast corner of the Texas Capitol campus will be held on October 19.

Rufus D. Hayes, Louisiana insurance commissioner, will be a principal speaker.

The four-story building, housing the Industrial Accident Board besides the insurance department, was completed at the cost of \$2,117,500.

**APPOINTMENTS**—New appointments announced by Governor Daniel include:

J. H. West of Bishop, president of the Texas Farm Bureau, as a member of the board of directors of Texas A&I College at Kingsville, succeeding the late Robert C. Eckhardt of Kingsville.

Jerry Deering of Arlington, manager and assistant treasurer of the Fort Worth Teachers Credit Union, as a member of the Credit Union Advisory Commission, succeeding Ben G. Levisse of Fort Worth, resigned.

McCall Sanders of Weimar as a member of the Egg Marketing Advisory Board, replacing Victor Jumped of Paris, resigned.

D. O. Belew of Fort Worth, to succeed Fred O. Detweiler of Dallas, on the Joint Board of Park Commissioners of Dallas and Tarrant counties.

**FOUNDERS DAY**—Alumni of St. Edward's University in Austin met in 10 Texas cities to mark the 77th year of the founding of the church-related school. Founders day corporate communion breakfasts were held in Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Galveston, Houston, Laredo and San Antonio, besides Austin.

**HONORARY TEXAN**—Texas now has a new goodwill ambassador in Venezuela.

Governor Daniel has named Miss Louita Ines Devarado of Maracaibo an honorary Texan.

The 181-year-old student of law visited the Capitol and the City of Austin for a month before returning to Venezuela.

**ANOTHER HOLIDAY**—The State offices closed and employees took the day off last Friday. There was no evidence around the Capitol as to why. Those who sought to do business with the State found doors locked and halls deserted. Not even the elevators were running. This, much to the dismay of visitors to the tall granite edifice.

Fact that parking space was plentiful was some consolation.

Reason was Columbus Day. It came without warning and left without ceremony.

It was just one among the many days the Capitol closes shop while businesses throughout the state remain open.

**CREDIT LIFE INSURANCE**—Land Commissioner Jerry Sadler says buyers in the state's \$200,000,000 Veterans' Land Program are signing up for credit life insurance arranged by the Veterans' Land Board.

The Board, of which Sadler is chairman, secured terms of \$5.76 per thousand dollars of outstanding principal.

Same terms and conditions to age 65 apply to future purchasers, as well as the 28,000 who already have acquired tracts.

**STATE TO SUE FOR PADRE**—In an attempt to gain title to disputed Padre Island areas, the State of Texas will file a number of suits.

Assistant Attorney General Ben Harrison and Arthur Sandlin Jr. reported to the House

**THE HAMLIN HERALD**

Land Study Committee that suits will be filed after traditional information is collected.

**SPECIAL EVENTS LISTED**—A total of 407 events of general public interest are listed in a new 16 page booklet just released by the Texas Highway Department.

Texas Calendar of Events is the title of the booklet.

More than half of the activities recorded are in the fine arts field. Included are concerts, ballets, operas and stage productions.

Also mentioned, however, are such gala festivals as El Paso's Southwestern Sun Carnival, Tyler's Rose Festival, Edinburg's Pan American Bronco Days, Mission's Citrus Fiesta, and Brownsville's Charro Days.

**EARLY BALLOTING**—With absentee voting at hand (Oct. 17) comes the realization that the Nov. 6th General Election is almost here. Little enthusiasm has been stirred by either the Democratic or Republican candidates.

Capitol observers predict a tight vote. That, they feel, would be to the advantage of the Republican candidates since it is conceded that the anti-administration voters will go to the polls en masse.

**NOSE - COUNTING**—Population in fast-growing Texas will increase 2,150,000 by 1970.

Texas Research League predicts 11,800,000 people for Texas by the end of the present decade. The 1960 census showed the state's population as 9,650,000.

By 1985 Texas' population will have soared by 16,000,000. Most explosive trend, says the League, will be the rise in the college-age group—expected to rise 53.4 per cent.

**FEDERAL AID**—Texas has received \$317,920 from the US Forest Service to be allocated to East Texas counties where four national forests are located.

Counties and schools in the forest areas get 25 per cent of the Forest Service's income from the State's forests to help maintain road and school programs.

**BOOK DEFENDERS**—The men and women who run the public schools came out in strong support of the present method of selecting textbooks in Texas.

Plan has been under attack by some witnesses at recent legislative hearings.

Texas Association of School Boards, meeting in Austin,

found no fault in the system by which a textbook committee selects as many as five books for each course, and then local textbook committees decide which of the five they will use.

School board members also took no action on an Ector County proposal that central state purchasing of school buses be ended.

**COLLEGE TAX ILLEGAL?**—Texas Supreme Court action is expected soon on a case which could upset the junior college set-up in Texas.

Taxpayers' suit from Harris County contends that the Legislature had no constitutional authority to allow the levying of taxes by junior college districts.

Supreme Court has been studying the case since April. Should it agree with the taxpayers, it would take a constitutional amendment to legalize the college districts. Meanwhile, state money might be needed to keep the 32 junior colleges going until the voters have a say on the subject.

**SLOW PICKING**—Texas Department of Agriculture reports a slow-down in cotton picking. Harvest slowed to 29 per cent, which is the same as this time last year.

Damp weather kept bolls from opening in the South Plains and rain slowed the

picking in other areas.

Wet fields also have slowed the sorghum harvest.

**SUMMER READING**—Nearly 21,000 school-age children in 285 cities earned certificates from the Texas State Library for summer reading.

Boys and girls who read 12 books during the summer got the awards.

**STUDY COMMITTEE**—A citizens' advisory committee has been named to help the Texas Legislative Council study the problems of emotionally disturbed children. Rep. C. W. Pearcey Jr. of Temple is the chairman.

The study committee was set up after experts advised that Texas has a few facilities for curing such disorders.

**GOVERNOR NAMES**—Governor Daniel named Mack Wallace of Athens as district attorney to replace Jack Hardee of Athens, who resigned because he is the Democratic nominee for district judge. District is composed of Henderson, Anderson and Houston Counties.

He also named Boyd Hilley of Lamesa to the Egg Marketing Advisory Board, and reappointed Jack Dubose of Gonzales and Marvin Gilbreath of Weimar on that board.

B. H. Dewey of Bryan and Rep. Hinson of Mineola were

named to the Southern Regional Education Board.

**SHORT SNORTS**—Governor Price Daniel attended his last Governors Conference in Hollywood, Fla., and brought out a report challenging national import policies on oil, saying that the domestic oil industry is handicapped by imports from foreign lands. . . . Atty. Gen. Will Wilson held that school teachers are not entitled to get their jobs back when they return from military service, such as the recent call-up of part of the Texas National Guard. . . . Texas will send 153 men to military service through the draft in November. . . .

PIPER'S RIP BADGERS, 30-14, FOR 5TH WIN

Scoring in all four quarters here Friday night the Pipers crushed the Merkel Badgers, 30-14, in their last non-conference game. The win gives the Pipers a 5-0 non-district record.

The Pipers kicked off to the Badgers and then held them to seven yards in three plays. Then taking the Merkel punt back to their 33 the Pipers began their first march of the night, moving the ball 67 yards in 12 plays. The longest gain of the drive was a 24 yard spurt by Larry Butler to the Merkel 25. After gaining another first down on the four, Van Newberry, on a quarter-back keeper, skirted his left end for the six yards and the score. The point after try was blocked and the Pipers, led, 6-0, with 7:06 left in the first period.

The two teams see-sawed back and forth until midway in the second quarter when Merkel launched their first drive of the night. The Badgers drove 75 yards in four plays with the assistance of a 15 yard penalty by the Hamlin eleven. Two pass plays were the keys to the drive, one for 36 yards and the other one for 18 yards and the score. Merkel's try for the bonus point was good and the Badgers were out in front, 7-6.

3 Fumbles Lost.....	1

HAMLIN	6	6	6	12-30
MERKEL	0	7	7	0-14

After exchanging fumbles the Pipers opened up with their second drive of the night from the Merkel's 39 yard line. The big ground gain was a 15 yard march by the officials against Merkel. Van scored the six points on a two yard sneak with 37 seconds left in the first half. A passing try for the extra two points failed and the Pipers led at half time, 12-7.

The Pipers opened the second half with Butler returning the kickoff to the Pipers 47. In seven plays they had moved the ball to the Badger 12 where Dan Newberry broke over his right guard and powered his way into the end zone for the tally. The point after try failed and the Pipers were ahead, 18-7.

Following the kickoff, the Badgers moved the ball to the Hamlin 47 before punting and then recovered the fumbled punt on the Hamlin 14 yard

line. A 15 yard penalty against the Badgers killed the threat as they gave the ball up on the 10. Two plays later the Pipers fumbled with Merkel recovering on the Hamlin 28 yard line. Six plays later the Badgers scored on a six yard plunge by R. ger Moore and the extra point was good, cutting the Pipers lead to 18-14.

Returning the kickoff to their 47, the Pipers opened up another drive. Dan and Butler picking up most of the yardage in big hunks. With the ball on the two yard line, Van slipped through the line on a sneak for the six points. The point after try was unsuccessful and the score was 24-14 with 9:33 left in the final period.

Both teams managed little success as they took to the air for most of the final period.

With only minutes left in the game, the Pipers opened up their final drive of the game from the Badger 43. An 18 yarder by Dan was the big gainer along with a 13 yarder by Butler and a 10 yarder by Pearce. Van scored from the nine yard line when as he was looking for a receiver the middle of the field opened up and he ran in for the score standing up.

The four Hamlin backs carried for more yardage than the top Badger back who was Don Parmely with 38 yards in six carries. The top Pipers back was Pearce with 99 yards in 17 carries, closely followed by Butler with 96 yards in 12 carries. Dan Newberry was next with 84 yards in 16 attempts and Van Newberry gained 40 yards in 10 carries.

Child Photo Contest Planned Monday, Oct. 29

The time is almost here for the opening of this newspaper's big Child Photograph Contest and we're urging all of our readers to have their children ready for the big day.

Winston B. Lucas of Irving will be in Hamlin on Monday of October 29 at 1 p.m. to 6 p.m. at the White Plaza Hotel for the purpose of taking pictures in this vicinity. In addition to having their pictures printed in this newspaper, the children will be competing for \$20.00 in prizes, which are being offered for the three best photographs made during the day.

The photographs will be made absolutely free of charge, and there is no charge for their publication in The Hamlin Herald. Proofs will be shown and from these you may select the picture of your child which you would like to appear in this newspaper. If you wish extra photographs they may be purchased, but no purchase is necessary in order to compete for the prizes. It is entirely up to you, whether you buy pictures or not.

There is no age limit on the contest, and every child's photograph in this section is wanted so that they may all appear in The Hamlin Herald. However, it is necessary that all pictures must be of uniform size, so they must be made by Winston B. Lucas on Monday, October 29 from 1 p.m. to 6 p.m. at White Plaza Hotel.

Don't wait until little Mary gets married or baby brother is elected to some political office to see their pictures in the paper. Make plans now to have these photographs made on Monday, October 29, from 1 p.m. to 6 p.m. Tell your friends and neighbors—the more the merrier.

PIPER PATER

by O. H. WEAVER JR.

Last Monday night the fall meeting of the Jones County Teachers Association met at Anson in the School Auditorium.

Superintendent of the Hamlin Schools, C. F. Cook, is the president of the Association for this year and Mrs. Charles Scott, Hamlin teacher, is secretary of the group.

The main speaker for the event was Mr. John H. Lovelady, Assistant Director of the Field Services for the Texas State Teachers Association. He spoke on what the Texas Legislature is doing for the teachers.

Serving on committees this year are: T. C. Blankinship, audit committee; Miss Dora Mitchell, publicity committee; Mrs. Edith Carter and Mrs. Camille Simmons, social committee.

Friday night the Pipers open their district play by taking on the Stamford Bulldogs. The Pipers and the Bulldogs go into the game with a season record of five wins and no defeats.

The band sweetheart of 1962 will be crowned by the drum major, Gary Ted Jay, during half-time activities. Nominees are: Margaret Maberry, Doty Albritton, Joyce Bingham and Sunny Teague.

-hhs-

The National Honor Society met on Tuesday, October 16. The president, Mark Smith, opened the meeting by showing the members the new permanent six weeks record.

The permanent record is a steel file which will be placed in the bulletin board in the front hall. On this file will be

Hamlin Jaycees To Attend State Meet in Lubbock

The Hamlin Jaycees will be represented at the 1962 Fall Board Meeting for the Texas Jaycees which will be held this weekend in Lubbock. The general assembly at 9:00 a.m. on Saturday morning in the Lubbock Municipal Auditorium will be followed by a National Space Symposium coordinated by Col. Ken McFarland, P.I.O., U.S.A.F.

A program on Telstar will highlight the noon luncheon at the Fair Park Coliseum. Planning sessions will convene at 2 p.m. at the Pioneer Hotel, headquarters for the meeting. A style show for the wives will be held at 3:00 p.m.

Lewis R. Timberlake, immediate past president and National Vice President of the U. S. Jaycees, will speak at the 8:00 p.m. banquet at the Fair Park Coliseum.

Johnny W. Bivens Promoted

ELLSWORTH AFB S. D. Johnny W. Bivens of Girard, Kan., has been promoted to airman first class in the United States Air Force.

Airman Bivens is assigned to the 28th Field Maintenance Squadron here as an aircraft mechanic. He entered the service in October 1956.

The newly promoted airman is the son of Mrs. Orville J. Shomaker of 402 W. Buffalo, Girard. He is married to the former Odessa Harvison of McCaulley, Tex.

placed the name of each student having all A's, an A average, and all B's each six weeks. The National Honor Society will be responsible for getting the six weeks honor roll each six weeks and putting the roll in the paper.

The record is now being made and will be ready for display next week.

-hhs-

The FHA had a rummage sale Saturday, profits added twenty-seven dollars to the fund. Clothes were on sale from one to five.

A "Ma, Pa, and Me" picnic is planned for members of the FHA and their parents next Tuesday. It will begin at 6:00 in the City Park. Those attending will play miniature golf, with a prize going to the family with the lowest score.

Wheel bases on these trucks are approximately 134 inch wheel base. Terms will be all cash with no trade in. Please give approximate time of delivery.

ABILENE COTTON CLASSING OFFICE SAMPLES INCREASE

Cotton samples receipts continued to increase last week according to B. B. Manly Jr., of the USDA's Cotton Classing Office in Abilene. Last week we classed 11,040 samples, approximately 8,000 of them being from District 2. The week prior to last week around 6,000 were classed. The counties of District 2 served by the Abilene Classing Office are those which fall inside counties surrounded by Dickens, Sterling, Brown and Jones Counties.

In some areas the grades are improving a little, however, in other areas which have started gathering, a high percentage of low grades makes the average lower. Following is a percentage breakdown of the grades we classed last week: Middling, 1%; Strict Low Middling, 2%; Strict Middling Light Spot, 2%; Middling Light Spot, 27%; Strict Low Middling Light Spot, 23%; Low Middling Light Spot, 3%; Middling Spot, 24%; Strict Low Spot, 16%; and Low Middling Spot, 2%.

Staple is about the same as last week. The "mike" has improved, but most gin points, continue to have some low mike cotton. Following is the percentage breakdown staples classed: 13/16, 1%; 7/8, 4%; 29/32, 21%; 15/16, 62%; 31/32, 10%; and 1-inch and longer, 2%.

Cotton we are classing this year is much duller, and more spotted than the past four seasons, Mr. Manly says. Probably the dullness was caused by the weather, and spots caused primarily by the insects.

Rains and heavy dew on the open cotton are probably the primary causes of dullness. Cotton loses some of its brightness each day it is left on the stalk.

Spots may be caused by several factors. The primary cause of them this early is insect damage, although drought conditions may cause dullness and yellowing of fibers. Later in the season, frost or freezing weather causes spots, ranging from light spots, spots, tinges, and yellow stains. This is the result of immature cotton being killed before the boll matures and opens. This usually affects the character (strength) of the fiber, and it usually causes lower micronaire reading.

Cotton is considered to be light spotted if it has more spot or yellowish color than the corresponding White Grade Standard. If it has as much color as the corresponding Spotted Standard, it is a spotted grade.

Defoliant applied on immature cotton, drouth, and Root Rot disease, sometimes causes cotton to open before the fibers mature, and the results may be similar to an early freeze. In any of the cases, the stalk is killed before fibers in the boll are mature.

Green leaves, or half-opened green bolls can also cause spots. When green plants are crushed, either in the picking or ginning process the cotton lint is stained with green color. This "green stained" cotton is called spotted.

Modern cotton gins have new types of machinery to gin machine gathered cotton. They may do wonders removing most of the trash, green bolls, sticks, excessive moisture, and dirt from seed cotton, but no machine can remove some of the damage done by careless harvesting. Lint cleaners can not remove green leaf stain or spots, although they may blend them through the bale and not be detected.

The Abilene Office has classed 28,823 bales through October 5, 1962.

The market is slow at this time. The only cotton reported selling is miked by the buyer and very little below 3.5 mike is selling. In this area, practically everything below Middling is bringing 1/2 cent above the governments loan price, provided it mikes above 3.5. There are signs, at this time, that the market may become more active as soon as more cotton is available.

77 Hamlinites Check Social Security Records

During the July-September quarter 77 Hamlin residents have taken the time and interest to check up on their own social security rights and responsibilities, according to Mrs. Fay Ford, field representative from the Abilene social security office, who visits here each month.

Of that number 26 filed claims for monthly benefits under either the old-age, the survivors, or the disability insurance provisions of the social security program.

R. R. Tuley Jr., Abilene district manager, suggests that all persons past age 62 who have not talked with Mrs. Ford or some other social security representative, in 1962 make plans to do so, unless (1) they are already receiving monthly social security checks, or (2) they have never had any earnings covered by social security. The 1961 changes in the law

made many more people eligible for some payments even though they were still employed past age 62, and also permit payments to some who were denied before 1961 because of not having worked long enough to be insured.
